Brût Homeware – a signature brand

When you see our products, you know it's us. Brût Homeware has become a signature brand in the industry.

From our office and studio in the center of Amsterdam our small team is the beating heart of the brand. Together we design, develop and distribute our collection.

In this edition we have added more glass designs (Claude!), brass products, and more product upgrades.

Enjoy!

Linsey, Rick & Orpheo
Team Brût Homeware

Introducing: Claude

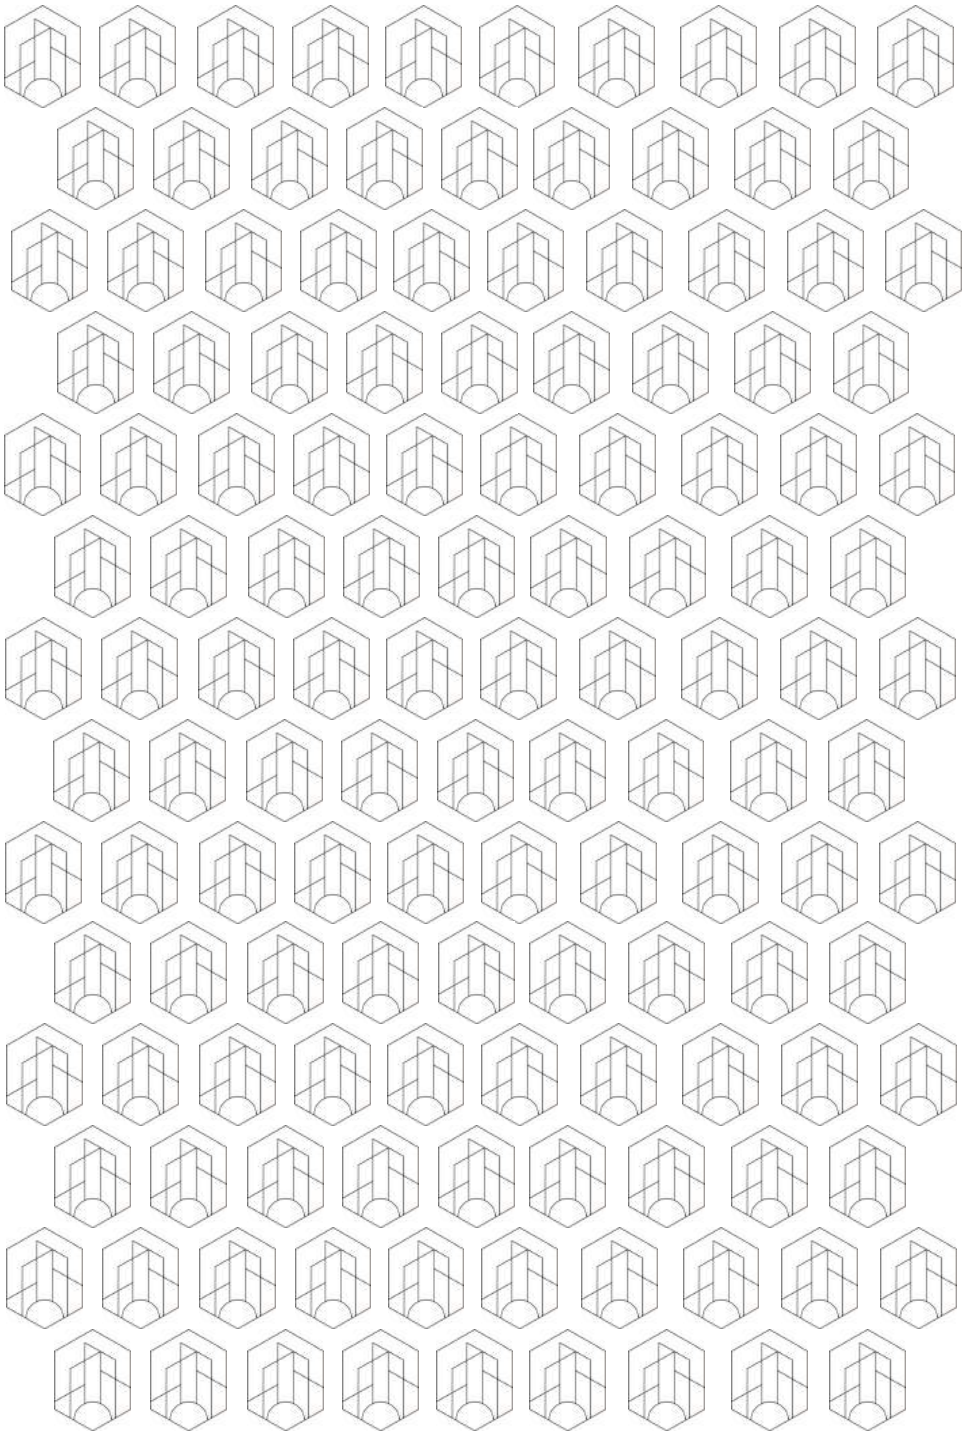

This luxury glass collection will keep you company when you celebrate, when you seek comfort and when you want to impress your friends.

Fun Fact: Claude is inspired by Cubism, which says that every object in nature solely consists of cylinders, cones, spheres and cubes. Look closely and find out :)

The colourful Claude collection includes Wine glasses, Coupes and Bowls and is available in multiple colour combinations.
